Dear Secretary Abraham

Just having heard of the inadequate notice of the public hearings on the suitability of Yucca Mountain as the nuclear waste repository . I must respond to you, the Secretary of Energy, as follows.

You have failed to provide me with even a minimal chance to communicate to you my strong objections to that site prior to the meetings.

Further, your notification made no clear statement that this was NOT merely a preliminary hearing regarding this site.

In summary, you have grossly violated my right to due process under the Fifth Amendment of the United States Constitution

Therefore, I strongly request you arrange to reschedule these meetings and disclose the true reason for them

Sincerely Yours,

Robert L Benner
